

**From Fiber To Function  
Driving Paper, Technology & Trade**

## OUR GROUP OF COMPANIES

### INDUSTRY – The Art and Science of Paper

**B&B Paper Solutions**  
(Brigl & Bergmeister, Austria  
and Papirnica Vevče, Slovenia)

B&B PaperSolutions is a world leader in label and flexible packaging papers.

At the Niklasdorf (Austria) and Vevče (Slovenia) mills, high-performance papers are developed and produced for global brands in the beverage, food, and consumer goods sectors.

The product range includes wet-strength and non-wet-strength label papers, flexible packaging papers, and specialty papers.

**KÄMMERER Paper**  
(Osnabrück, Germany)

KÄMMERER Paper is a renowned specialist in technical and specialty papers.

Its portfolio covers abrasive base papers, non-woven and traditional wallpaper papers, poster papers, graphic liners for packaging as well as flame retardant papers. With a strong focus on technical precision and process innovation, KÄMMERER delivers tailor-made products for highly specific industrial applications.

### TRADING – Connecting the Global Paper World

**ROXCEL Trading**  
(Vienna HQ, Asia Hub Singapore,  
Americas Hub Uruguay)

Since 1993, ROXCEL Trading has grown into a globally recognized partner for paper, paperboard, and pulp. With offices in 36 countries, the company bridges markets, connects producers with customers worldwide, and ensures reliability and service excellence.

Its expertise and network make it one of the most dynamic and trusted trading partners in the international paper and packaging industry.

### ENERGY – Turning Waste into Energy

**ENAGES**  
(Niklasdorf, Austria)

ENAGES operates an integrated energy-from-waste-plant, that transforms non-recyclable materials into steam and electricity.

It supplies power to local paper production and district heating, while also recovering recyclable materials from bottom ash – a perfect example of ROXCEL's commitment to circular economy and sustainability.

## OUR GROUP OF COMPANIES

### CONVERTING – Innovation in Functional and Barrier Papers

#### ROXCEL Packaging (Vevce, Slovenia)

Established in 2023, ROXCEL Packaging is a converting facility as well as an Innovation Center for barrier, functional and technical papers.

Located at the site of Papirnica Vevce it is offering high speed customization of paper solutions for e.g. food and consumer industry. ROXCEL Packaging focuses on less invasive packaging solutions, using natural resources and forward integrated manufacturing solutions.

### IT – Smart Solutions for a Connected World

#### ABAX Informationstechnik (Vienna and Traun, Austria)

ABAX based in Vienna and Traun, provides the group with secure, high-performance IT infrastructure. Their services range from network technology, data centers, and cloud solutions to cybersecurity, business intelligence, and Industry 4.0 connectivity. ABAX ensures that ROXCEL as well as external companies operate on a solid digital foundation — reliable, efficient, and future-ready. AXUS Solutions was established in 2024, as a joint venture and focuses on business software and digital transformation. As a specialist for Microsoft Dynamics 365 Business Central and custom application development, AXUS helps companies streamline processes, integrate systems, and gain visibility across operations. Together with ABAX, they enable companies to work smarter, faster, and more connected than ever before.

### MACHINERY & PRINTING – Engineering Meets Expertise

#### ROXCEL Printing (Karlstein am Main, Germany)

Our Machinery and Printing division started business in 2024 and unites three specialized companies. ROXCEL Printtec offers international sales, setup, and service for paperboard and packaging printing machines. ROXCEL Metal Decoration specializes in metal packaging printing systems. Both ensure smooth installation, operation, and certified technical support. R&W Druckmaschinen has been in the market since 1999 and focuses on maintenance, overhauls, relocations, and spare parts for printing presses — ensuring longevity and performance across production lines. Together, these companies make ROXCEL Printing a reliable partner for the global printing industry, delivering precision, expertise, and innovation from installation to production.

## From Fiber to Function – The World of ROXCEL

When you think of ROXCEL, what comes to mind? Is it paper? Printing? Energy? Or perhaps innovation, people, and partnership?

In truth, ROXCEL is all of that – and much more. Across continents and industries, we are one family united by a shared purpose: From Fiber to Function – Driving Paper, Technology & Trade.

ROXCEL Holding connects a network of specialized companies active in six key sectors – Industry, Trading, Energy, Converting, IT, and Machinery. Together, we shape a value chain that begins with raw materials and ends with innovative, sustainable, and high-performance products. With 1,100 employees representing 40 nationalities and speaking 33 languages, we serve more than 3,000 customers worldwide. From our headquarters in Vienna to our hubs in Singapore and Uruguay, and our production sites in Austria, Slovenia, and Germany, ROXCEL stands for global reach combined with local expertise.

**We are not just a supplier – we are a strategic partner.**

With deep technical know-how and a worldwide network, we ensure that paper-based industries and their partners operate efficiently, sustainably, and at the cutting edge of innovation.
